

# PRAGYATA.....THE ROAD AHEAD

## OUR GUIDING FORCES

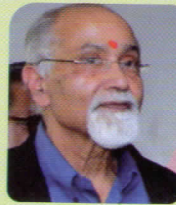

"Whenever I am asked what is it that makes DAV different from other educational institutions; my response remains that we focus in character building!

Before making employable professionals, we make good human beings.

After all, education also means looking within oneself and undergoing the inner transformation".

**Dr. Punam Suri, Padam Shri Awardee  
President- DAVCMC**

I congratulate DAV Institute of Management and its leadership for six of DAVIM students ravaging Gold Medal in M.D. University examination. I am happy to note that the institution has made best use of educational technology in the curricular and pedagogical practices and updated the institute to compete with latest educational thinking of the 21<sup>st</sup> Century. I am sure, it will help prospective students to develop very wide mental horizon to play their part very successfully both in the national and global world.

**Sh. Prabodh Mahajan  
Vice President- DAVCMC**

Dear Students!

Welcome to the DAVIM family -we are a community of learners that promotes academic excellence.

We are at the threshold of a new academic year- the anticipation and excitement being felt by the new students finds an echo in me and my colleagues at DAVIM. Since its inception in 1997, the Institute has strived to set new benchmarks of excellence in academia, sports, performance and public service. Each subsequent year, our students and faculty have scaled newer heights, setting higher goals for the students to come.

It's a proud moment to tell you that our chairman, of DAVCMC, Dr. Punam Suri, is a Padmashri Awardee, 2017 and, as the new students join our institute, they become a new link in this illustrious continuum. Our highly motivated faculty and their professionalism and involvement with the students is ably matched by the cutting edge infrastructural facilities available in the Institute in the form of English Language and IT lab, Auditorium, Seminar room and Sports facilities. The cultural scene of the Institute too, is vibrant around the year with regular competitions, Talent Hunt programmes, workshops and performances. Various co-curricular activities at DAVIM will help you to develop values of life such as Sustainability, Respect and Honesty, Self Awareness, Resilience and Courage, Open Mindedness and Compassion, Initiative and Commitment, Creativity and Resource-fullness, Action and Services, Mutual Love and Cooperation, Discipline, Focused Approach, Passion for Cleanliness, Environment in General and Time Management.

The life outside the school is about a newly gained freedom from the discipline of school days. However, at DAVIM, we place a premium on self- discipline and hard work. I would like to reiterate this point through a famous Sanskrit saying: Udyamen hi siddhyanti karyani na manorathai – Goals are achieved only through hard work, not merely by thinking about them.

My dear students, I would advice you to use these golden years of your college days wisely. Realize your strengths; work on your weaknesses; with hard work and determination build the edifice for the grand success of tomorrow. In all this, remain true to yourself and you will definitely realize your dreams one day.

As the head of the institution, I take this opportunity to welcome you and bless you with best wishes for the upcoming session.

**Dr. Neelam Gulati  
Head of the Institute**
