

INTER-DEPARTMENTAL DEBATE COMPETITION IN COLLABORATION WITH POWER GRID CORPORATION

Inter-departmental debate competition was organized, on 3rd November 2016, by Power Grid Corporation, a Govt. organization in collaboration with the MCA department. The topic of the debate was "Can India Be Corruption Free?" The Chief Guest was Mr. H. C. DGM Power Grid. The AGM-Mr. Anoop Singh was also present at the event to encourage the students.

The winners of the competition were Dr. Sarita Kaushik, Dr. Ritu Gulati, and Dr. Sunita Bishnoi. The Head of the Institute Dr. Neelam Gulati, spoke out to the audience that the corruption in our country can be defeated by the "goodness of the youth." She also suggested that the participation of the youth can lead to a drastic and effective transformation of the country and help in making India Corruption-free. She appreciated the efforts of Ms. Monika Khatri and her team for organizing the programme.

PRESENTATION COMPETITION

In 2017, Presentation Competition was held where 15 students of MCA programme participated. The competition was organized by Dr. Sarita Kaushik (Head of Department, MCA), Dr. Anamika Bhargava, Ms. Pooja, Program Director MCA, Dr. Anamika Bhargava, Ms. Pooja, and all faculty members of MCA Deptt. Ms. Pooja was the convener of the event. The organizers were Ms. Geetika, Ms. Poonam, Ms. Akanksha. The objective of organizing these events is to bridge the

the gap between Industry and Academia. The winners of the competition were: Hitesh and Alka (MCA 2nd Year) 1st Prize, Sakshi Bhatheja & Manju Tanwar (MCA 2nd Year) 2nd Prize, Vinay & Priya (MCA 2nd Year) 3rd Prize, and Komal Sharma (MCA 2nd Year) Consolation Prize.

ORCHESTRATED BY UNDER-GRADUATE IT COURSES

The three vertices of Under-Graduate IT courses are BBA(C.A.M), BCA & B.Sc.Hons(CS). Information Technology has revolutionized business practices and the BBA-CAM program has been designed to introduce students to IT-applications in business and industry and provide them with an integrated perspective of different functional areas of management. BCA programme at DAVIM concentrates on bridging theory and practice, including a wide variety of hardware & software technologies and their application. It also provides online course which is certified by IIT Bombay. B.Sc (CS)Hons, provides various programming subjects, such as, Multimedia, Visual programming and other new applications in computer science.

APP-A-THON - AN APPLICATION AND GAME DEVELOPING INTER-COLLEGE COMPETITION

BCA department of DAVIM organized "App-a-thon" – an Inter-College-Application and Game Developing Competition on 12th November 2016. The participants from neighboring colleges and institutes presented their apps depicting car rental, purchase of electrical appliances, food delivery, social networks, video downloading and other games. The participants also showcased the usability of their Apps. Professor Dr. Naresh Chauhan, Professor at YMCA was the Chief Guest and the guest of honor was Dr. R. N. Rajotia, Professor at JIIMS, Delhi. The judges, Mr. Rahul Nagar, DGM Business Paytm, Ms Ashima Girdhar, Project Manager TCS and Ruchika Goyal, Team Leader HCL, appreciated the efforts put in by all the participants. The guests and the judges also gave some tips to the students to improvise their apps. The Head of the institute, Dr. Neelam Gulati, applauded the efforts of the organizers and the students to come up with such new ideas and helping in making India Digital.
